Welcome to the 2016 Liverpool & Districts CAMRA Beer Festival

Welcome to the fantastic architectural splendour of the Crypt for this year's CAMRA Liverpool and Districts Beer Festival. As some of you may know there was some doubt last year as to whether this year's festival would go ahead due to a number of our organisational team having to concentrate on the forthcoming national member's weekend. So a big THANK YOU to all those who answered our call and have given up their valuable time to become part of our organising team. A special thank you goes out Doug Macadam, Chair of Southport CAMRA branch, who has stepped into the role of Beer Festival Organiser.

One big change at this year's festival, as well as our usual food outlets, Peninsula Luxury Pies and the Liverpool Cheese Company Limited, which can both be found at the back of the concert hall, we have a new hot food provider, the Striped Pig Company. Located in the main hall, the Striped Pig Company specialise in food containing freshly pulled meat and vegetables and is sure to be popular with festival goers.

As usual we have some brewery sponsored hand pull bars this year featuring local brewers Burscough, Parkers and Liverpool Organic. Thank you to them and to our staff t-shirt sponsor, Melwood Brewery. Not forgetting Peerless Brewery who have sponsored our glasses. Our beer ordering team have worked hard to ensure we have a wide range of unusual beers from all over the country and our bar managers and beer festival organiser have worked tirelessly to keep them in the best condition.

From a branch point of view we have had a busy year of campaigning. Our 'Save the Roscoe

Head' rally gained national coverage appearing on the front page of the CAMRA 'What's Brewing' newspaper. The Roscoe Head also became the first (and so far the only) pub in Liverpool City Centre to be awarded ACV status although we did have successes in the Sefton area with ACV's being awarded to both Stamps Bar and the Crow's Nest. If anyone has a local they would like to put forward for ACV status please contact the branch, together we can 'Save the Pub'.

Finally the National Member's Weekend is almost upon us, when CAMRA members from all over the country will be descending on our fine city, providing an opportunity for our pubs and our breweries to showcase their fine beers and elegant establishments. Even if you are not participating in the member's weekend look out for 'fringe events' which, we hope, will be happening in pubs throughout the city centre and will be advertised on our website and our social media pages. I am still looking for volunteers to help at the Member's Weekend so if you are a CAMRA member and would like to lend a hand please let me know.

Finally I would like to thank everyone who gives their time free of charge to help at our festival without them this prestigious event would not take place. Stay safe, and enjoy the festival.

Liverpool Cheese Company Ltd

(Back of the Concert Hall)

The Liverpool Cheese Company is Liverpool's finest purveyor of specialist and artisanal cheeses, and with such a wide and

varied selection they have something for everybody's taste. You'll find them in the perfect setting for such a company: a Grade II listed dairy in Woolton Village. This oldyworldy setting would make you think that you were far away from Liverpool and instead in a little farmer's shop in Cheshire - in fact, the older generation who live nearby will probably remember the cows being walked up the road for milking. This perfect setting only adds to the authenticity of the love and passion the team has for a foodstuff which predates recorded history.

Choose a platter from a wide range of artisan cheeses, the perfect snack to accompany your beer.

The Liverpool Beer Festival is committed to the best in Real Food and Real Ale. A message we pass on to pubs in Liverpool.

LIVERPOOL BEER FESTIVAL

Message from the festival organiser **Doug Macadam**

Welcome to this, the 36th **Liverpool Beer Festival**.

This year we are grateful to **Peerless Brewery** for sponsoring the glasses, and **Burscough Brewery, Liverpool**

Organic Brewery and **Parker Brewery** for sponsoring their bars. We do ask you to support all the festival sponsors and programme advertisers.

There are many special beers for you to try, with beer from new breweries such as **3 Potts** in Southport, **Neptune** in Maghull and **Rock the Boat** in Little Crosby, 15 beers and ciders from Kent and many more speciality beers. We will be hosting the North West heat of the **Champion Beer of Britain** for the milds category so look out for announcements for the winner during the festival.

There have been some changes this year in the organising committee with no less than myself standing up to be Festival Organiser. I have been Organiser for Southport Festival for more than ten years and have been one of the Bar Managers at Liverpool for at least 5 years and have helped at Liverpool since the festival was held in St George's Hotel in the 90's. I would like to thank Steve Downing the previous Organiser for all the hard work he has put into the festival to make it one of the country's premier CAMRA beer festivals over the many years he has been organiser and also for the help he is still giving on this

year's organising committee. I would like to thank the rest of the organising committee for all the hard work they put in, bearing in mind they are all volunteers. Please see the Beer Festival and Programme credits page for details.

To take advantage of the beery visitors in town many local pubs such as the **Augustus John, Dispensary** and the **Ship & Mitre** will be holding their own mini beer festivals over the weekend which I am sure you will want to pop into.

The festival raises money for local charity **KIND** from all your unused beer tokens that you don't cash in, also for the local branch activities and **CAMRA** nationally.

The festival is staffed by all **CAMRA** volunteers so thank you to them for the time they give. This includes all the staff helping at the festival when we're open and also on the set up and take down days and if you are interested in joining **CAMRA** at the festival then please visit the Membership stand for more information. Please don't forget to vote for your beer of the festival as the brewers do appreciate the feedback they receive.

We don't mind if you drink us dry!

CAMRA LocAle

Andre Fu
Liverpool &
Districts LocAle
Co-ordinator

Our annual Beer Festival is the ideal opportunity for us to showcase beers from local breweries from all over Merseyside. But did you know that, we as a branch, promote local breweries ALL year round through a national CAMRA accreditation scheme called LocAle?

I am the Liverpool & Districts LocAle Co-ordinator and my role is to encourage pubs within our branch area to consider offering at least one real ale from a local brewery the majority of the time. Local, in this instance, means the brewery is within 30 miles of the PUB by ROAD so applicable breweries will vary with the pub's location. More rural based branches of CAMRA will have a wider radius.

Once a pub has been accredited by me, this takes place annually, the pub is provided with free promotional materials to advertise the fact that they are a LocAle pub. They are added to a list that is publicised both within Merseyale (our quarterly branch magazine) and on our website (www.liverpoolcamra.org.uk) on a dedicated page. The pub can also elect to display a certificate in the pub which the branch

provides free of charge. We even have an annual LocAle Pub of the Year Award.

For my part, I also organise at least two LocAle pub walks a year, one in the spring (pale beers) and another in the autumn (ruby/dark).

There is a focus on consistent, high beer quality so LocAle status can be revoked at any time but, currently, we have over 50 accredited pubs and are always looking to add more. So, if you know of pub that isn't already deemed a LocAle pub, but you think it should be, you can either email me with the details (locale@liverpoolcamra.org.uk) or speak to me at this festival as I will usually be behind the bar as one of the Bar Managers.

You can read more about the scheme in the leaflet that can be found on the CAMRA membership desk or, again, on our local branch website. But, essentially, the scheme aims to build on a growing consumer demand for quality local produce and an increasing awareness of 'green' issues.

Everyone benefits from local pubs stocking locally brewed beer.

- **Pubs:** local beers can increase custom.
- **Consumers:** get to enjoy a greater beer choice.
- **Brewers:** increased sales and better feedback from consumers.
- **Local Economy:** more money is spent and retained.
- **Environment:** fewer 'Beer miles' results in less road congestion & pollution, reducing impact.

Local Breweries featuring at this festival for the first time:

- 3 Potts (Southport)
- Stamps (Crosby)
- Rock the Boat (Crosby)
- Neptune (Maghull)
- Norton Brewing (Runcorn)
- Red Star (Formby) and brand new beers from established breweries: Rum & Raisin Stout
- (Connoisseur) Springbok (Liverpool Craft) Tectonic and Red Nelson (Peerless)
- Lakota and Havana Moon (Red Star) Amarillo Pale and Swan Song (Wapping)

Liverpool & Disticts CAMRA

We sincerely hope you are enjoying your visit to Liverpool Beer Festival 2016. You may not realise it but you are taking part in a campaign. Just by being here and sampling a range of beers and ciders from many parts of the United Kingdom, you are supporting the people who produce those drinks. We hope you will go home and tell other about the different beers and ciders you tried, and, perhaps get a friendly licensee to try some of them in your local pub. This is one of the reasons that branches of the Campaign for Real Ale put on beer festivals, to spread the word about quality beer and who brews it. So just by being here you are playing a part in that campaign. You don't have to attend beer festivals or CAMRA meetings to get involved in campaigning. You can do much of it from home or in your local pub. One way is to get your favourite pubs listed as Assets of Community Value (ACVs). ACVs were started as part of the Localism Act 2011 and are being used by pub regulars and

community groups as a way of protecting pubs from being converted or demolished, without allowing local people to comment on the plans. An ACV listing also allows interested parties time to put their own plans in place to take over a pub if the owner is willing to sell it to them. They can also be used as evidence that the pub is needed by the local community when planning applications are submitted by developers. All

local authorities have a section about ACVs on their planning website (you may have to look under "Community Right to Bid"). All you need then are the signatures of 21 people from that area, a bit of evidence of the value of the pub to the community, send the forms in and the council does the rest. Over 1000 pubs have been listed as ACVs. Add your favourites now. Write to your MP about a reduction in beer duty. Not just the 1p Duty reduction that the

media make such a fuss over. This reduction does help as it cuts costs for all brewers, but the reduction is usually cancelled out in increases in things such as materials costs and transport. Ask your MP for cuts in beer duty, it does help, but also remind them about Small Brewers' Relief (SBR). SBR is a scheme which allows reduced rates of duty for smaller brewers. It is a form of Progressive Beer Duty (PBR) and is available to brewers producing up to 60,000 hectolitres of beer in a calendar year (around 2727.3 gallons of beer). Under SBR some very small brewers can pay only 50% of the Duty Rate, which helps to keep the price of the beer in your glass down. Since introduction in 2002, SBR has led to a lot of diverse and innovative breweries developing which has led to thousands of new jobs, and has increased choice for the beer drinker. Some in the beer industry think SBR needs adjustment so that some larger family brewers can also be included, but it is a system worth keeping, so lobby your MP to keep the SBR.

The Beer List-introduction

With over 200 beers on the list, and all styles of beer we do ask you to be patient if any mistakes creep in to the descriptions, ABV's etc. as all the compiling work is done by volunteers and is checked from various sources, so if you do spot any mistakes then please let us know so we can correct it for the future.

You will notice that this year the number of beers from local brewers have in most cases been cut back to three. This is due to the ever increasing number of brewers opening up in Merseyside and if we had carried on with the old system the festival beer list would have been made up or more than half from local brewers and our selection of beers from the rest of the country and the North West would have been greatly reduced as a result.

Although we start with over 200 beers this will gradually decrease so by Saturday evening we are often down to still well over half of the beers left, so we apologise if the beer you particularly wanted has run out but over the festival we have a strict policy of if a beer is ready it goes on sale and stays on sale till it run out or goes off. This year we will also be using your round as a means of keeping

up to date with the beers as they run out and for the full beer list in advance so please contact www.yourround.com.

As some of our staff may be as unfamiliar with the beers as you are or if you are not sure of a beer then please ask for tasters, but our staff are warned to look out for serial tasters! We will not swap a beer if you don't like the taste, style etc. so tough! So please ask for a taster first if not sure. But if you do think that a beer has gone off then please see the bar staff so we can take it off sale or inform other customers before purchase. If any beers have notices on i.e. "Naturally Cloudy". "Taste Before You Try" we ask you to bear these in mind when purchasing your beers.

Finally I would like to thank the beer ordering team **Pete Elloy, Colin & Pam Hadfield and Howard Perry** for the extensive choice of beers available.

In the beer list 'Merseyside' refers to breweries in Merseyside branches of CAMRA

YOUR ROUND

This year we are using the 'yourround' website to manage our beer list. To access the list either scan in the QR code or go to www.yourround.co.uk and search for **Liverpool Beer Festival**. The **BeerCAM** Web page keeps track of which beers are available and allows you to find out more information on each brewer. The website is mobile phone friendly.

2. Enjoy the well-being of responsible drinking with others in the pub, rather than drink alone at home.
3. Try and take an alcohol free break of one or two days a week. Studies show your liver can recover very quickly.
4. Most real ale is made entirely from natural ingredients. Don't drink cheap supermarket booze made from artificial chemicals.

Welcome to the 2016 Cider Bar at the Liverpool Beer Festival

January and February are without doubt the most difficult months to provide a cider bar. The cider pressed the previous October will not be ready for months so the bar manager has to search far and wide

for stock remaining from the pressings of 16 months ago. This year it has been particularly difficult to find interesting stock but we really have done it and are very pleased to offer you around 34 boxes of cider. Several of the boxes are duplicates as we are well aware that some ciders only last a single session.

We are really proud to have obtained our 2015 Cider of the Festival again. East Stour medium

cider hails from a stunningly beautiful village in Kent. The village was at the heart of Battle of Britain country and was surrounded by airfields and hosts it's own mini Battle of Britain museum.

The Kent ciders we offered last year gained plenty of comment as they are rarely found outside that county. We again have sourced Dudda's Tun and Gibbet Oak to keep returning customers happy.

No CAMRA Liverpool festival would be complete without ciders from Rosie in north Wales. We are always asked for them and they are first class in every way. We have duplicate boxes of Black Bart our former Cider of the Festival 2012 and the signature Triple D' dry cider.

Whatever your taste you will find a quality cider to suite your style, WASSAIL !!

Steve Berks, Cider Bar Manager.
